Noni Tablets

Noni tablets, derived from the Noni fruit (*Morinda citrifolia*), are known for their antioxidant properties. They help boost immunity, improve digestion, enhance memory, and support overall health. Rich in vitamins and minerals, they aid in detoxification, promote cell function, and offer antibiotic resistance, protecting the body from toxins and pollutants.

Ingredients:

Noni Extract : 400 mg

Immune Nova Tablets

Immune Nova tablets are formulated to strengthen the immune system, enhancing the body's natural defense against infections. Packed with antioxidants, vitamins, and herbal extracts, they help combat oxidative stress, reduce inflammation, and promote overall well-being. Regular use supports immune response, boosts energy levels, and aids in faster recovery from illnesses.

Ingredients:

Cordyceps → 36.3 mg
Ginseng → 36.3 mg
Ganoderma → 36.3 mg
Raspberry → 36.3 mg

Cordifolia → 36.3 mg

Bay berry - 28.5 mg
Cranberry - 28.5 mg
Crow Berry - 28.5 mg

Mangosteen - 28.5 mg
Amla - 28.5 mg

Curcumin

Turmeric contains curcumin, a compound known for its potent anti-inflammatory and antioxidant properties. However, curcumin makes up only 1–6% of turmeric by weight, and it is poorly absorbed in the body when taken alone. To overcome this, our formulation includes Long Pepper Extract, which provides piperine—a natural compound that enhances the absorption of curcumin by up to 2,000%. For best results, curcumin should be taken with a fat-rich meal due to its fat-soluble nature, which aids in better absorption.

Ingredients:

Turmeric Extract – 400 mg

Long Pepper Extract (Piperine) – 5 mg
